Meeting Point Management

Configure and administer self-hosted room booking system with multi-site management, permission control and real-time unit monitoring.

'Get A Room' Smartphone App

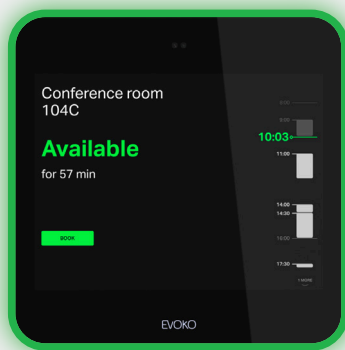

Indicates an upcoming booking. A meeting starts within 10 minutes. Check-in is required. Look for this if you have made a booking.

Online Web Booking

Indicates that there is an ongoing meeting in the room.

As easy as traffic lights

Bright and vivid colors indicates if a room is available or occupied, allowing users to see the room status at a glance.

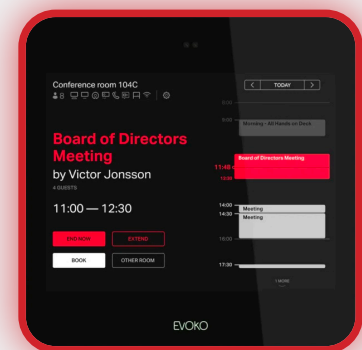

GREEN Room Available

Indicates that the room is available for more than 10 minutes. Look for this if you need a room for an ad-hoc meeting.

YELLOW Upcoming Booking

Indicates an upcoming booking. A meeting starts within 10 minutes. Check-in is required. Look for this if you have made a booking.

RED Room Occupied

Indicates that there is an ongoing meeting in the room.
